phone: 204-739-2633

Open 7 days a week from 4pm-9 pm

Revamped Menu coming !!!!!

The Ashern Skating Club would like to send out a huge thank you to everyone who came out to support our club at the street dance on Rodeo Weekend! We would also like to thank all of the parent and student volunteers who worked the canteen and the sales tables and drove the kiddie train all night. Without you we wouldn't have been able to put this together. In addition, we would like to thank our sponsors for the very generous donations, including the Moosehorn Co-Op for the donation of hot dogs and buns for our canteen, GL Electric for the propane for our barbecue, Jincy and her crew for the henna tattoos, Cory Johnson for the lawn mower for the kiddie train, Dodd's Siding for the fuel for the kiddie train, and our local ambulance, fire department, RCMP, and Ryan Reykdal for bringing vehicles for our Touch a Truck. Thanks to all of you, the money we raised will go directly towards keeping registration costs down for families involved in the skating club this year!

As soon as it is cold enough for natural ice in our arena, we will be offering both CanSkate and StarSkate lessons again for the season. Check out our Facebook page for registration information!

RM OF WEST INTERLAKE MUNICIPAL MATTERS

Utility Foreman- Les Ratte – Ashern Office

Lakeshore Hospital Guild Report

By Shelley Bjornson, President

Lakeshore Hospital Guild has had a busy summer. At the June AGM the executive was re-elected for another two-year term: President-Shelley Bjornson, Vice President-Erika O'Sullivan, Secretary – Alanna Rawluk and Treasurer-Julie Bergner. Current Guild membership is 35 members. New members are encouraged to join this community volunteer organization.

The objective of the organization is to support and enhance the comfort and welfare of the patients, clients and residents of the Lakeshore Health Centre and/or facilities/health programs which support long term and palliative care in the Guild communities. All monies raised and memorial funds received go towards the purchase of items and or to develop resources for the Lakeshore Health Centre in Ashern.

Over the last few months, the Guild held a very successful Spring Tea, Bake Sale and Silent Auction raising over \$10,000. Catering funeral lunches is an annual fundraiser and this year the Guild has served 9? In the Ashern and Moosehorn area.

Expenditures for the year to date include:

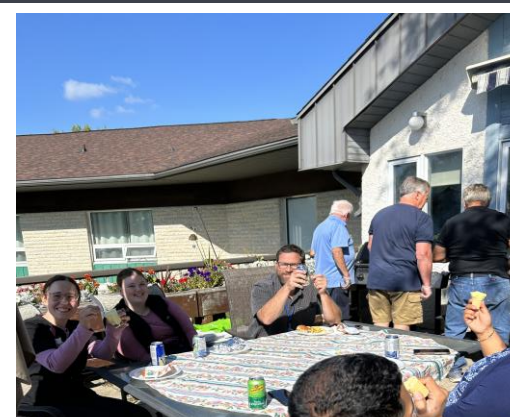

- Artwork and Design Elements for the hospital expansion - \$20,000
- Palliative Care Air Mattress - \$8000
- 4 room darkening blinds for Acute \$1420.16
- Blinds for Dialysis - \$1323.84
- 3 Stretcher mattresses \$3000
- Bandages and stickers for children – Public Health/Lab - \$470.75
- Mobile IV Cart - \$2000

Southern Chiefs Organization partnered with Lakeshore Hospital Guild to purchase an infant crib at the cost of \$3600. This is a great asset to the hospital for parents and newborns. Thank you to Southern Chiefs for their generous donation.

Guild members delivered flowers from their gardens this summer to PCH residents brightening up their rooms.

An appreciation BBQ was held on September 6 to thank all Lakeshore Health Centre staff. Guild volunteers served up hot dogs, hamburgers, coleslaw and ice cream cones to staff and construction workers. A huge thank you to sponsors: Ashern Co-op, Ashern Chicken Chef, Ashern Foods and Happy Planet Hub/Petro and Lakeshore Hospital Guild.

For more information on Guild activities or if you'd like to join us as a member, please contact President Shelley

What's Happening:

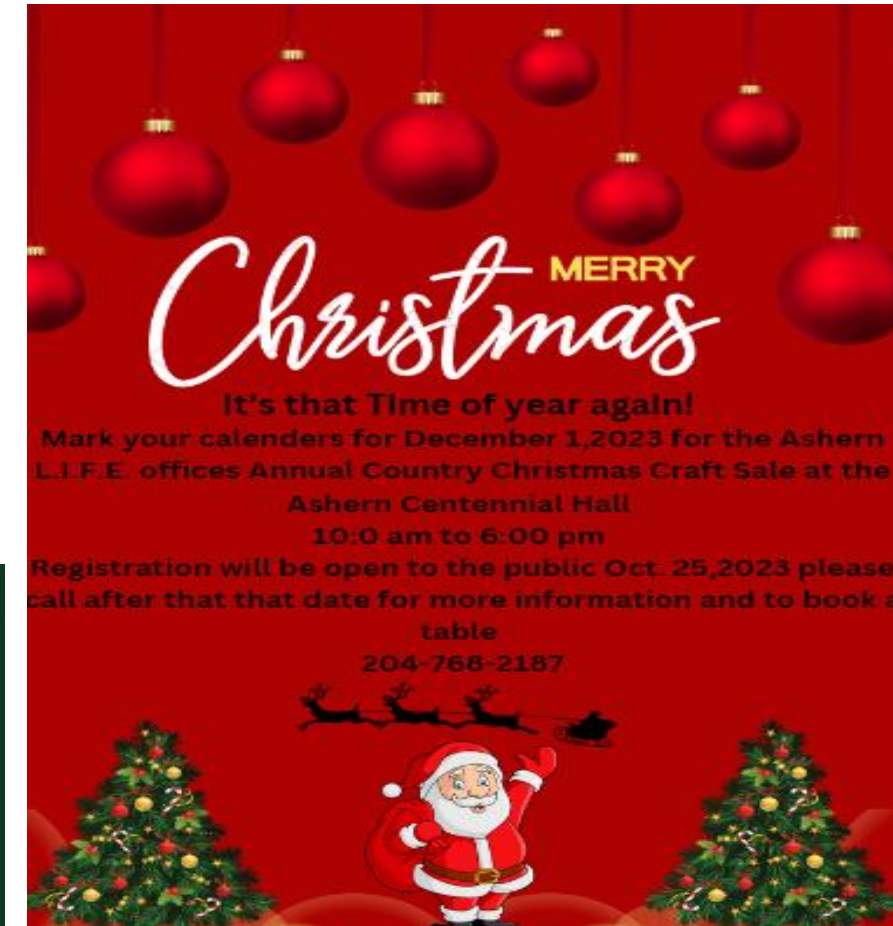

October 4, 2023 Ashern Arena Meeting at 6:00 pm in the Ashern Arena – All are Welcome

November 6 at 7 pm – ROGerKimLee AGM – Music Festival – Non-for-profit – Location: Eriksdale Music & Frame Shop – 58 Vimy Road Eriksdale

*Keep an eye out for information regarding Skating in Eriksdale come later October into Early November – Check out our Facebook page at Eriksdale Skating Club

The RM of West Interlake recognizes that there are some residents in Eriksdale that were upset by the removal of the large rotten/split tree in front of the pharmacy and New Horizons. The decision to remove it was made in the interest of public safety. Thank you for your understanding

Did you hear???

Brindy Bishop is excepting Patients in the Eriksdale Wellness Centre. Call 204-739-2672 for an appt.

Sending a HUGE Shout out to our Summer Students! You guys worked hard to keep our communities neat and tidy all summer! We appreciate you!

DID YOU KNOW WE OFFER ACUPUNCTURE?

Acupuncture is based on ancient Chinese medicine dating back 2000 years. It restores Qi (pronounced chee) in the body. Fine needles are inserted on various spots to help restore Qi and help your issue. Acupuncture works by stimulating the body to produce its own pain relieving chemicals called "endorphins". Endorphins help to decrease pain and promote healing and relaxation.

All patients respond differently to acupuncture. Contact us to see if acupuncture is right for you!

October 31, 2023 from 4:30-7:00 p.m.

Come by to reel in some treats and check out the firetrucks.

If you are unable to give out candy and would like to donate candy to the Fire Department feel free to drop it off with Davina at the Eriksdale RM office.

THANK YOU THANK YOU THANK YOU

SAVE THE DATE AUG 16-18, 2024

@rogerkimleemusicfestival rogerkimleemusicfest.com

The RM of West Interlake would like to remind you to **NOT** Flush the Following items. We appreciate your cooperation with this

Please DO NOT Flush

Even though a product may be small enough to be flushed, does not mean it should be. Flushing items that are not meant to be flushed, including those labeled *flushable*, can lead to problems in the sewer system, at the wastewater treatment facility, and for the environment.

Things to NEVER flush:

- Baby Wipes and Diapers (including 'flushable' or 'disposable')**: These highly absorbent synthetic materials are slow to breakdown and can clog sewer systems.
- Paper Towels**: Just like wipes, these common household items are designed to not breakdown when wet and absorb liquids.
- Cotton Balls, Cosmetic Pads and Cotton Swabs**: These non-flushable items tend to gather in pipe bends causing blockages.
- Dental Floss**: This little string can cause havoc to plumbing and sewer systems.
- Medications or Supplements**: Wastewater treatment facilities are not designed to breakdown pharmaceuticals. While drugs may dilute in the waste stream, studies have shown the presence of medicines such as steroid hormones and antidepressants in wastewater effluent.
- Medical Supplies**: Razors, bandages and hypodermic needles are often flushed, but quite simply, they don't degrade. The razor blades, needles also present a danger to employees who need to remove the items that clog the system.
- Rubber**: Items such as latex gloves and condoms are made of a material that is not intended to breakdown in liquid.
- Feminine Hygiene Products (sanitary napkins, tampons and applicators)**: Like cat litter, these products are designed to absorb liquids and swell in the process, clog pipes, get stuck in bends and block sewer lines.
- Fats, Oil, and Grease**: Known in the wastewater industry as 'FOG', are liquids that solidify when cooled, and this creates significant problems for public wastewater systems, as well as drains in your home.
- Cat Litter (including 'flushable')**: The absorbent properties of litter are designed to 'clump' and will clog sewer systems.
- Hair**: Like dental floss, flushed hair can cause tangled blockages ensnaring everything that passes by.
- Food Products - bananapeels, applecores, leftovers, etc**: Whilethesemay degrade over time, food products simply do not disintegrate fast enough and can cause blockages throughout the system.
- Trash of any kind**: All this litter does not easily biodegrade.
 - Candy and other foodwrappers
 - Cigarette butts
 - Rags
 - Plastic Bags
- Chemicals**: Paint, automotive fluids, solvents, and poisons, are just terrible pollutants to flush. Just as wastewater treatment plants are not designed to screen out pharmaceuticals, these facilities are not designed to eliminate toxic chemicals.
- Heavy Metals**: These pollutants include mercury, cadmium, arsenic, lithium (think batteries) and lead, etc. Please dispose of any of these toxins properly to prevent harm to the environment and the potential for serious health risks.

All Things Recreation

After an incredible but very busy summer full of summer camps and fun one day events all over the RM from the Narrows to Eriksdale and Ashern. I had a great summer meeting so many of you all!

I am gearing up for Fall and Winter, we have some really cool things coming up!

Movie Nights will be returning, we've got some Make & Take Workshops, I am still trying to get Archery here, A woman's self-defense workshop, Christmas Centerpiece class. The Santa Clause Parade and best decorating in town and outside. I am very excited to be involved in the Age Friendly initiative that the RM is participating in. As well as a borrowing equipment program with snow shoes, birthday party games and other equipment. I am also very excited to work with the MMF Local in Eriksdale on a multi month program – details to follow on that

Looking into the future, I am looking at some ideas for summer programming, flag football, canoe and kayak launches within the RM. As well as trunk sales and clothing exchanges into next spring and more foraging classes in Ashern, Eriksdale and the Narrows. As always, I can be reached at either office – call or email me at rec@rmofwestinterlake.com if you have any ideas! I would love to hear them – Christina Kallstrom – Recreation

West Interlake Fire Prevention Grant

The West Interlake Fire Prevention Grant has been created through the support of Wawanesa Insurance. The program will award a maximum of \$500 to 30 successful applications in the municipality towards tools, supplies or labor for each project.

This grant is intended to support projects that decrease densely populated trees and undergrowth around your buildings and property to a standard of 10 feet of distance between trees.

Wawanesa Insurance

How to apply: Fill out an application electronically from the Municipal website and email to: info@rmofwestinterlake.com or pick up a copy from the office

Swedes on Wheels head up Number 6

Friday, September 15th, the Swedish Cultural Association of Manitoba (SCA) headed up number 6 highway to see the places and hear the stories about their Swedish ancestors. The SCA regularly organizes trips, affectionately called Swedes on Wheels, to visit their rural roots and reconnect with the people and places that share their history.

Their first stop was Lundar, and a quick drop in at Pauline Johnson Library in time for their barbecue and stories of Icelandic first settlers there.

Next, Eriksdale Welcomed the Swedes with the Swedish Flag flying full out in the fall breeze. Deputy Reeve McKelland brought greetings and stories of the area. Highlights for the Swedes included a visit to the Jonas Erickson Monument of "Manny's Shack" for immigrants in the early 1900's, and a tour of the Eriksdale Museum and Creamery. Lunch was held at the lovely home of Neil and Anna Brandstrom, where their abundant garden was on display and more stories of Swedes of Eriksdale were told in true Swedish style. A trip out to the Nyland School (in English, New Land) and Church sites brought more stories.

Then the Swedes went on to Steep Rock, one of Manitoba truly unique destinations. They took in the beauty of the lake, toured the cliffs and ran the Steep Rock beaches. Margaret Olson Snidal arrived by boat and regaled the group with stories of the Swedish settlers of the area. The Swedes on Wheels enjoyed meeting fellow Swedes of West Interlake, sharing stories of their rich heritage, singing songs, and even a little dancing. Thank you, West Interlake and RM of Grahamdale for your wonderful hospitality and keeping the Swedish history and culture alive.

Student Artwork brightens patient rooms in Ashern's Lakeshore General Hospital

Patients in Ashern's Lakeshore General Hospital now have cheery artwork to look at in their rooms thanks to students from Ashern's Central School. At the end of June, groups of middle years students painted large 4 foot by 8-foot pieces of plywood with fun bright scenes for the rooms impacted by the construction of the new addition.

Ashern Lakeshore General Hospital Guild Chair, Shelley Bjornson, heard during a planning meeting about the opportunity to provide some murals for the patient rooms and immediately thought of the middle years at Ashern Central School where she substitute teaches. She talked to the grade 5/6 teacher, Shannon Kosolowski and they were able to organize it as an end of year school project for the middle years to do in groups of three or four.

"To kick off the project, we met with each group individually and told them about the project and the goal was to make something that would make someone feel happy. We discussed the importance of simplicity, they did a little research on hospital murals and as soon as they saw inspiration, they sketched rough design and went to the woodshop space and sketched it out and created final project," says Kosolowski. "The educational assistant worked hard to support the students on this project too. The best part is that many live near the hospital or know family that do so they were so proud and excited to tell their aunts, uncles, grandparents about what they did at school for the local hospital."

Interlake-Eastern Regional Health Authority CEO Marion Ellis thanked everyone for their involvement.

"Thank you to Shelley and everyone at Ashern Central School for going out of their way to provide the patients in the hospital with a warm, cheery murals for their rooms while we undergo construction. We've heard from patients' comments that the artwork is appreciated.," says Ellis.

The construction project is expanding the emergency department with additional treatment space and increasing the number of inpatient beds. The plywood murals were placed in the windows of existing patients' rooms in Ashern's Lakeshore General Hospital where they are expected to remain during the duration of the construction project that is expected to be completed by fall 2024.

The L.I.F.E. Office sponsors many programs. Ashern Meal Program, Meals on Wheels, Adult Day Program and Ashern District Lifeline. If you have any questions about any of these programs or are interested in volunteering please stop in or give us a call at 204-768-2187 or email us at lifeshern@gmail.com

Welcome to our Newest Team Member! We would like to announce the arrival of our new Assistant CAO – Frances!

Hello! I hope that everyone is having a great day! My name is Frances Cromer and I am from Lake Manitoba First Nation. First of all, I would like to express how excited and honored I am to be working for the RM of West Interlake as the administrative assistant. My background is in fiancé for 20 plus years. In terms of qualification, I studied at Red River Community College, graduating with a Business Accountant Certificate and a Business Administration Diploma. I have learned many things through my experiences. Also, I developed skills over the years which will help in my new role here. I like to keep challenging myself and grow my skills. I am eager to contribute to the RM of West Interlake which motivates me and brings excitement about doing my best work. In my last career this motivation and passion left me to challenge myself daily, my ability to development new skills will help me to do the job efficiently and effectively. I always look for an opportunity to do better and achieve greatness. I describe myself as an open and honest person who doesn't believe in misleading other people and tries to be fair in everything I do. The Council and the staff have made me feel welcome. Everyday I am learning about this job. It makes me really happy to be a part of such a great team! Thank you to Council for giving me the opportunity to work for the RM of West Interlake.

ERIKSDALE & ASHERN FIRE DEPARTMENTS

Do you have a smoke alarm? Have you checked your smoke alarm lately?

We are running the S.A.F.E. Family program again!

Smoke Alarms for Every Family is a province-wide initiative sponsored by Office of the Fire Commissioner, Red River Mutual, Firefighters Burn Fund and the Manitoba Association of Fire Chiefs again.

The overall goal of Manitoba's S.A.F.E. Family program is to save lives by protecting every home with working smoke alarms and a practised fire escape plan. The RM of West Interlake campaign is part of an effort to reach out to local residents, including older adults, young people and residents of neighbourhoods, who are vulnerable to fire deaths. Installing working smoke alarms in the homes of any West Interlake residents who don't have them will increase their odds of surviving a home fire.

You must be the homeowner to qualify for the program. If you are not sure about your own home or know someone that may benefit from this program - call to book one of our Fire Personnel to come out and check. We will install up to 2 Dual Smoke Detectors (smoke/carbon monoxide) in each home. Our goal is to make sure residents have the protection of a smoke alarm. Because smoke alarms alone won't prevent every fire death - our project includes educating residents to have a home fire escape plan so they know what to do if the smoke alarm sounds.

For more information or to book your appointment contact: Davina Mason by phone 204-739-2666 or email cfo@rmofwestinterlake.com

Cooking safety starts with YOU.

Pay attention to fire prevention.
