Please note, payment must be made in full prior to application being made. Please be sure to let the office know if you have any special requests as to the location where the suppressant is to be applied.

All requests and full payment for application of dust control must reach the municipal office by 4:00 p.m. on May 9, 2025. Because the dust suppressant is a pre-booked custom application and the product is pre-ordered, **NO** requests for dust suppressant will be accepted after May 22, 2026.

The Public Works Department will schedule the application of dust suppressant once gravel has been applied (if required) which is to begin as soon as possible.
